## On the Cover

The 2025 AHA annual meeting illustration was designed by Marc Blaustein, a graphic designer from the New York area. The illustration uses images of local infrastructure and landmarks to depict the vibrant energy of the city. Blaustein depicts the history and culture of New York with everything from a bagel and lox to a Broadway theater marquee.

## Code of Professional Conduct

The AHA is committed to creating and maintaining a harassment-free environment for all participants in the Association's activities, regardless of their actual or perceived sex, gender, gender expression, gender identity, sexual orientation, marital status, race, ethnicity, nationality, ability, socioeconomic status, veteran status, age, or religion. All members and participants, including employers, contractors, vendors, volunteers, and guests, are expected to engage in consensual and respectful behavior and to preserve AHA's standard of professionalism at all times. The policy pertains to all venues where officially sanctioned AHA conferences, meetings, and other activities occur.

Details, including procedures for addressing violations of the statement, are posted at [historians.org/conduct](https://historians.org/conduct).

## Recording Policy

The AHA and the press occasionally record sessions for use in broadcast and electronic media, and film or photograph public areas at the meeting. Registration, attendance, or participation at the meeting constitutes an agreement to the use of the attendee's image in photographs, video, audio, and electronic communications. Presenters who do not wish for their session to be recorded may opt out by contacting [annualmeeting@historians.org](mailto:annualmeeting@historians.org). In order to encourage open debate and allow members to speak as freely as possible, the AHA does not permit audio or video recording of its business meeting. Anyone who wishes to conduct audio or video recording must obtain permission from participants in advance. The AHA is not responsible for unauthorized recording but does reserve the right to revoke registration of anyone who records sessions without appropriate permissions.

## Social Media Policy

To facilitate virtual conversations arising from the annual meeting, the AHA encourages attendees to post on social media using [#AHA25](#). Participants are encouraged to share their social media handles. Speakers presenting material that they do not wish to be shared in real time should make a request to the audience at the beginning of their presentations.

## Quiet Room

The AHA will make quiet rooms available in the Holland room at the Hilton and the Bryant Park room at the Sheraton. The rooms are available for all conference attendees as a place for a few minutes of quiet time. Please do not make phone calls in the quiet rooms.

## Multifaith Room

A private space for faith practice or meditation will be available at the Sheraton in Liberty 1. Please note this is not limited to silent observation.

Attendees ages 16 and up must register at the appropriate registration rate. The AHA assumes that parents and guardians will provide appropriate supervision for their children.

## Business Meeting

The AHA Council, divisions, and committees will report to the Association at the annual business meeting. Reports are subject to discussion and appropriate motions relating to them. Resolutions on other matters for the business meeting will be handled as follows: Resolutions must be submitted to the office of the executive director by October 1, to allow time for publication. Resolutions must be in proper parliamentary form; must be signed by members of the Association in good standing at the time of submission, and by at least 2 percent of the total Association membership as of the end of the previous fiscal year (214 people); must not be more than 300 words in length including any introductory material; and must deal with a matter of concern to the Association or to the discipline of history. Such resolutions must be in accord with the Association's *Guiding Principles on Taking a Public Stance* ([historians.org/public-stance](http://historians.org/public-stance)). Signatures in support of such resolutions must be collected no earlier than January 1 of the year in which the resolution is submitted. Resolutions submitted by the deadline, and meeting the criteria for consideration, shall be published in the November issue of *Perspectives on History*.

Only AHA members and others who receive permission from the Council may attend the business meeting. Please confirm in advance that your membership is up to date.

### 30. LGBTQ+ History Research Lightning Session

New York Hilton, Beekman Room

Organized by the AHA Committee on LGBTQ Status in the Profession; joint session with the LGBTQ+ History Association (formerly CLGBTH)

Working on an article, master's thesis, dissertation, exhibition, film, or book? Join the AHA's Committee on LGBTQ Status in the Profession and LGBTQ+ History Association (formerly CLGBTH) for an opportunity to share your research and get to know others working in the field.

This session will feature three-minute presentations by historians describing their projects. With space for approximately 15 participants, this session is an excellent opportunity to get feedback on projects at any stage of development, hear about other types of projects and methods, and network with other historians. Participants are invited to share their research with others in a format drawn from digital humanities unconference "dork shorts." Rather than have formal presentations or a roundtable, members of the audience are invited to come to the podium and present a timed, three-minute presentation about their research. Presentations will continue for as long as there are audience members who wish to present; for the remainder of the session, the organizers will create discussion groups around larger queer history topics. These groups are designed to help scholars make connections with each other and share information: attendees may choose any group they like and migrate from discussion to discussion.

All meeting participants are invited to attend, and no audience member is required to participate. That said, graduate students and early scholars are urged to take the plunge and present, particularly if they are just embarking on new research or beginning a book project. Established scholars are urged to attend to both present and learn about how the field of LGBTQ+ history is evolving.

**WORKSHOP**

Saturday, January 4, 8:30–11:30 a.m.

**Op-Ed Workshop**

*New York Hilton, Concourse A*

Organized by the AHA Research Division

Writing short articles for the general public is an important skill in the historian’s toolkit. From newspaper op-eds to magazine articles to blog posts, there are many publications where historians can share their research, connect it with current events or popular culture, and reach new readers. This workshop will include two parts. A panel of experienced editors and writers will begin the session by discussing how to pitch, write, and edit op-eds meant for a general audience. In the second part, small groups will be able to workshop their own ideas for short-form writing with each other and the experts.

No charge; because space is limited, free advance registration is required.

New York Hilton, Rhinelander Gallery North

Tour Leader: Sara Cedar Miller, Central Park Conservancy

Go beyond the well-trodden trails of Central Park to explore the 40-acre North Woods, the largest of the park's wooded landscapes. The area includes the Blockhouse, a fortification built during the War of 1812 that is the oldest structure in the park. Learn how designers Frederick Law Olmsted and Calvert Vaux incorporated the area's existing dramatic topography; added trees and other vegetation; and designed new features such as water bodies, cascades, bridges, and a network of paths. Participants will tour the popular Harlem Meer in the northeast corner of Central Park, known for its scenic beauty and wealth of activities. The group will also learn about Seneca Village, a 19th-century community of predominantly African Americans, many of whom owned property there. The tour will conclude with a visit to the latest exhibit at the Charles A. Dana Discovery Center describing preservation and restoration carried out by the Central Park Conservancy.

Please note: The group will travel by subway. The tour will involve walking several blocks over city streets and paved paths. The Charles A. Dana Discovery Center is ADA compliant.

## WORKSHOP

Monday, January 6, 9:00 a.m.–12:00 p.m.

**Teaching Writing Workshop: Teaching Writing in the Age of AI**

New York Hilton, Concourse A

Teaching and assessing writing remains one of the most difficult tasks educators attempt in the history classroom. Since fall 2022, that task has been complicated by the introduction of openly accessible AI writing tools, which both high school and college students rely on to complete their writing assignments. Educators feel like they have to work harder both to make the case for writing as an integral critical historical thinking skill and to prevent "cheating."

This workshop aims to engage a panel of educators and the audience in a conversation on teaching writing in the history classroom. Panelists will focus not on "preventing cheating" but on how to use AI as a writing and thinking tool as part of their instruction. How can students use AI for writing in history class, while also honing their historical thinking skills?

The workshop will begin with a short panel discussion, during which the workshop facilitators share their approach to teaching writing in the (AI) classroom. The bulk of the time will be reserved for participants to discuss their practice in small groups; to share advice and frustrations; and to workshop assessment prompts, rubrics, and other grading strategies.

Participants are strongly encouraged to bring examples of writing assignments and student work samples to the workshop.

Participants who sign up for the workshop through meeting registration and submit assignments, student samples, and/or rubrics by December 1 will be listed as session participants in the online program. Workshop organizers will contact registered participants with information on how to submit materials.

No charge; because space is limited, free advance registration is required.

**Facilitators:** Bob Bain, University of Michigan, Ann Arbor  
Katharina Matro, Walter Johnson High School  
Brenda J. Santos, Brown University  
Nathan Sleeter, George Mason University

AMERICAN  
HISTORICAL  
ASSOCIATION

139th ANNUAL MEETING  
**CHICAGO**  
JANUARY 8–11, 2026

## Call for Proposals for the 139th Annual Meeting of the American Historical Association

**The AHA's annual meeting is the largest yearly gathering of historians in the United States.**

All historians are welcome and encouraged to submit proposals. The AHA also invites historically focused proposals from colleagues in related disciplines and from AHA affiliated societies. The Program Committee will consider all proposals that advance the study, teaching, and public presentation of history.

The Association seeks submissions on the histories of all places, periods, people, and topics; on the uses of diverse sources and methods, including digital history; and on theory and the uses of history itself in a wide variety of venues.

**We invite proposals for sessions in a variety of formats and encourage lively interaction among presenters and with the audience.**

### Session Proposals

Sessions last for 90 minutes. Most sessions will be limited to four speakers plus a chair. The Program Committee will accept proposals for complete sessions only. We encourage organizers to build sessions that bring together diverse perspectives.

### Poster Proposals

The meeting will feature a poster session to allow historians to share their research through visual materials. Proposals for single, individual presentations may be submitted as posters.

The Program Committee welcomes proposals from all historians, whatever their institutional affiliation or status, and historians working outside the United States. With the exception of foreign scholars and those from other disciplines, all persons appearing on the program must be members of the AHA, although membership is not required to submit a proposal. All participants must register for the meeting when registration opens. The Association aspires to represent the full diversity of its membership at the annual meeting.

**Electronic submission only, by midnight PST on February 15, 2025**

Before applying, please review the annual meeting guidelines and more information at [historians.org/proposals](https://historians.org/proposals).

**Questions about policies, modes of presentation, the electronic submission process, or the content of proposals?**

Contact [annualmeeting@historians.org](mailto:annualmeeting@historians.org).

## JUST RELEASED

### ***Race Traffic: Antislavery and the Origins of White Victimhood, 1619-1819* - Gunther Peck**

Fantasies of white slavery and the narratives of victimhood they spawn form the foundation of racist ideology. They also obscure the lived experience of trafficked servants and sailors in the seventeenth and eighteenth centuries. Gunther Peck moves deftly between the Atlantic and Mediterranean worlds to discover where and when people with light skin color came to see themselves as white. Separating fact from fiction, and paying close attention to the ideological work each performs, Peck shows how laboring women and men leveraged their newfound whiteness to secure economic opportunity and political power.

*"... Peck has given us an interpretively ambitious work with profound implications for the long afterlives of slavery and racism today. A compelling book that I cannot recommend enough."*

- Manisha Sinha, University of Connecticut

### ***Captive Cosmopolitans: Black Mariners and the World of South Atlantic Slavery* - Mary E. Hicks**

From the bustling ports of Lisbon to the coastal inlets of the Bight of Benin to the vibrant waterways of Bahia, Black mariners were integral to every space of the commercial South Atlantic. Navigating this kaleidoscopic world required a remarkable cosmopolitanism—the chameleonlike ability to adapt to new surroundings by developing sophisticated medicinal, linguistic, and navigational knowledge. Mary E. Hicks shows how Portuguese slaving ship captains harnessed and exploited this hybridity to expand their own traffic in human bondage. At the same time, she reveals how enslaved and free Black mariners capitalized on their shipboard positions and cosmopolitan expertise to participate in small-scale commodity trading on the very coasts where they themselves had been traded as commodities, reshaping societies and cultures on both sides of the Atlantic.

*"Hicks retells the story of Atlantic commerce from a radically new perspective: enslaved and free Africans who participated in the slave trade that linked Brazil to West Africa... playing crucial roles in the development of the modern world."* - James Sidbury, Rice University

# American Lesson Plan: Teaching US History in Secondary Schools

A Report from the American Historical Association

## What are K–12 students learning about US history?

**The AHA's *American Lesson Plan* summarizes key findings from the most comprehensive study of secondary US history education undertaken in the 21st century.**

In 2022, we launched a project to analyze what is actually happening in classrooms across the country. Are teachers distorting history or indoctrinating children? Careful research transcends the heat and noise surrounding history instruction and enables us to provide a helpful and reliable source of information to parents, administrators, legislators, journalists, historians, and the many other stakeholders invested in the future of public education.

The resulting report distills insights gathered during a two-year exploration of secondary history education. Combining a 50-state appraisal of standards and legislation with a nine-state deep-dive into local contexts, we commissioned a National Opinion Research Center survey of over 3,000 middle and high school US history educators, conducted long-form interviews with over 200 teachers and administrators, and collected thousands of pages of instructional materials from small towns to sprawling suburbs to big cities. The US education system—diverse, devolved, and divided—could never be captured by the blunt slogans that have dominated sensationalist media and drawn attention from even more careful observers.

# The James M. Banner, Jr. Lecture on the State of the Discipline of History

at the 138th annual meeting of the American Historical Association

Saturday, January 4  
3:30 – 5 p.m.

Empire Ballroom East  
Sheraton New York

Established in 2023, the James M. Banner, Jr., Lecture on the State of the Discipline of History examines historians' work and seeks to suggest improvements to fundamental aspects of the discipline including its structure; the institutions that support, preserve, and convey historical knowledge; and the education and practices of historians.

## The Re-enchantment of American History

Johann N. Neem, Western Washington Univ.

Around the world, citizens and leaders are seeking to realign collective identities with political boundaries. These aspirations are reshaping the ways we discuss—and the ways we divide over—history. In the inaugural Banner lecture, Johann Neem asks whether the history discipline is prepared to respond to the changes taking place around us. He will explore how schools, museums, public history sites, and college classrooms might respond to the revival of nationalism. What are the histories that need sharing in a fast-changing world? What responsibility do we, as historians, have to the nation and its people?
